

GOLDEN TICKET — Fill the Stands at Doha 2030

Client · OCA — Doha 2030 Ticketing & Fan Engagement Unit

01 SCOUT REPORT · AS OF 2026-09

GOLD STANDARD · HANGZHOU 2023

- ▶ 3.05M tickets sold · ¥610M ticket revenue
- ▶ 92% attendance; hot sessions >90%
- ▶ Market development ¥5.32B total: sponsorship ¥4.42B + licensed merch ¥760M (17 categories, ~1,500 SKUs; mascot “江南忆” = 70% of merch sales)

CAUTIONARY TALE · NAGOYA 2026

- ▶ Games ongoing: Sept 19 – Oct 4, 2026; 41 sports
- ▶ Plan: 2.75M tickets → only ~605K sold at T-14 days (22%); <30% by late Aug
- ▶ Budget ballooned ¥85B → ¥240B; opening-ceremony tickets ¥7,500–60,000
- ▶ China visa fee +~5× since Jul 2026; sponsors only Japanese (Toyota, Chubu Electric)
- ▶ Structural mismatch: kabaddi / sepak takraw / badminton sold out — football & baseball seats empty

YOUR ARENA · DOHA 2030

- ▶ 21st Asian Games, Nov 2030 · 54 sports at 39 venues
- ▶ Khalifa Int'l Stadium hosts the Opening; billiards returns after 20 yrs; equestrian archery newly added
- ▶ Qatar National Vision 2030: tourism diversification is a national KPI
- ▶ SEA is the youngest, most mobile-first fan base in Asia — and Nagoya just left that market unmined

Insight: Nagoya's lesson — demand does not appear by itself; it must be manufactured market by market. Hangzhou proved a 92%-full stadium is possible. Doha's edge: visa-free entry, a world-class stopover hub (Qatar Airways / Hamad Int'l), and SEA's 680M-strong fan base. **Mission:** make Southeast Asia Doha's biggest “away crowd” in Asian Games history.

02 WAR CHEST & VICTORY CONDITIONS

USD 30M

Total approved budget
SEA marketing campaign · 18 months (May 2029 – Oct 2030)

MVP Unlock · 5% = USD 1.5M

- ▶ **Phase 1** — request ≤5% for a 3-month pilot in 2 SEA markets
- ▶ **Phase 2** — hit your pilot sub-metrics → enter the approved vendor list, unlock the full USD 30M
- ▶ Budget allocation is part of the solution

400K

tickets sold to SEA-based fans (~15% of total inventory)

≥85%

avg attendance in sessions featuring SEA teams

250K

SEA visitors arriving in Qatar during Games week

\$40M

merch + hospitality revenue from SEA fans

500M

social impressions across 6 SEA markets

Full-scale targets — unlocked only after the MVP gate. Your pilot must prove the trajectory, not hit these numbers.

03 DESIGN CHALLENGE

“How might we use the 5% MVP budget — USD 1.5M, 3 months, 2 SEA pilot markets — to prove our campaign can one day put 400K Southeast Asian fans in Doha's stands?”

DELIVERABLES · THE MVP, NOT THE MASTER PLAN

- Pilot campaign concept — 2 SEA markets, 3-month test
- Experiment plan & measurement setup
- Hero visual / poster
- KPI dashboard mock
- Go / no-go criteria for scale-up
- **3–5 SELF-DEFINED MVP SUB-METRICS**
— pilot sales, acquisition cost, conversion, reach; no fixed numbers, defend with Scout Report benchmarks and show they predict the Victory Conditions above

SKILLS CHAIN · FROM THE ARSENAL

Insight: Market Research · Audience Analysis · Benchmark Analysis (Hangzhou vs Nagoya)
Create: Creative Concept · MVP Pilot Design · Poster
Prove: Cost-Benefit · Data Analysis & Viz

★ Proposal Showcase — Showcase Report Agent (AUTO)

SCALE-UP GATE

- Hit your sub-metrics → enter the approved vendor list
- Unlock the full USD 30M for the 18-month rollout
- Miss → iterate once, or stop
- Works in Bahasa, Thai, Vietnamese, Tagalog & English

PANDA GOES GLOBAL — From Zoo Visit to World Membership

Client · Chengdu Research Base of Giant Panda Breeding — Global Brand & IP Division

01 SCOUT REPORT · AS OF 2026-09

THE ASSET · CHENGDU PANDA BASE

- ▶ 200+ giant pandas — world's largest conservation & breeding population; ¥55 entry
- ▶ Weekday 15–20K visitors/day; summer 30–42K; weekend peaks 45K (capacity ceiling)
- ▶ 2024 Spring Festival: 442K visitors in 7 days; May Day 2024: 264K in 3 days — tickets “gone in seconds”
- ▶ Superstar pandas: “He Hua 花花” a national icon; “Fu Bao 福宝” returned from Korea Apr 2024, viral worldwide

THE GAP

- ▶ Fame is global, monetization is local: no membership program, no global store, no English-first content engine
- ▶ International visitors ~5% of total footfall — fans in Jakarta / Riyadh / São Paulo can watch but can't “belong”
- ▶ Capacity ceiling: on-site growth is capped; the next frontier must be virtual + licensed

THE PROOF · PANDA ECONOMICS

- ▶ 487K international visitors in 2025 (Jan 1–Nov 13), +70.7% YoY — Xinhua
- ▶ One visit to see 花花 ≈ ¥1,500 of city-wide spend (Qunar estimate)
- ▶ Xiang Xiang (Japan): ~¥2.7B economic contribution in <6 years; Fu Bao merch: 2.7M units in Korea, +60%

Insight: The pandas are already Earth's most beloved IP — but the Base captures almost none of that love beyond the ¥55 gate. Japan and Korea proved a single panda can mint billions in merch and tourism. **Mission:** turn “the world's most famous zoo” into a global membership brand.

02 WAR CHEST & VICTORY CONDITIONS

USD 11M

Total approved budget
Global IP & membership program
· 18 months (2027–2028)

- ▶ **Phase 2** — hit your pilot sub-metrics → enter the approved vendor list, unlock the full USD 11M
- ▶ Budget allocation is part of the solution

12%

international visitor share (from ~5%) →
1M+ overseas visitors/yr

1M

members in 12 months, 20% overseas,
30% repeat-visit rate

\$28M

annual international licensing & merch
revenue

10M

followers across TikTok / IG / YouTube

\$6 → 15

non-ticket on-site spend per visitor
(F&B, merch, experiences)

Full-scale targets — unlocked only after the MVP gate. Your pilot must prove the trajectory, not hit these numbers.

03 DESIGN CHALLENGE

“How might we use the 10% MVP budget — USD 1.1M, 3 months, 2 overseas pilot markets — to prove panda fandom can become a paying global membership?”
